I went to my grandmother's home with my parents on Chinese New Year. We met a lot of relatives in my grandmother's home. I played football and basketball with my cousins.

I ate a lot of festive food in my grandmother's home, such as dumplings, rice cakes and turnip cake. My favorite food is chocolate coins. I felt so happy because I ate a lot of candies, watched a lion dance and got a lot of red packets.

P3 Sean

On the first day of Chinese New Year, my family and I visited my grandpa's home for New Year greetings. I wished my grandpa a happy New Year, then he gave me a red packet.

At lunch time, we ate a 'Big Bowl Feast', rice cakes, carrot cakes, sweet dumplings and sesame balls. They were delicious! Every Chinese New Year I feel very happy because I get a lot of red packets.

P3 Vincent

I visited Grandpa and Grandma during the Chinese New Year holidays. I ate a lot of turnip cakes and Indonesian shrimp chips. My uncles and aunts also stayed in Grandpa's house. We ate Poon Choi for dinner. We had a good time.

On the second day of Chinese New Year I watched the movie 'The First Slam Dunk' with my family but I was not interested in it. My Dad likes this movie.

On the third day of Chinese New Year, I had a BBQ in Podium Garden with my family. I ate sausages, siu mai and sweet potatoes. We had a happy day.

P3 Asher

On the first day of Chinese New Year, I went to my grandma's house and got many red packets from my grandma, aunt, grandpa and uncle.

On the second day, I went to Yuen Long to visit my grandpa's brothers.

On the third day, I went to my Aunt's house which is gigantic. It has more than six floors including a BBQ place, a gym room and a fabulous garden. In such a big house, only five people and three dogs live there.

On the last day, I went to Disneyland with Kailey and Elisa. We also met Zoe and her sister at a show there but we said, "Hi". When I left Disneyland I went to Ching Yi and had dinner with my parents. It was a long and busy holiday but also fun.

I went to visit my grandma with my family in the Chinese New Year holiday. After we arrived at my grandma's house, I gave my grandma a bracelet and it fitted her well. But she said that she didn't like the colours so I decided that when I go back home I'll change it and then give her another one.

A few moments later, the others arrived but some didn't come because they were sick. My cousin even taught me some dances but I didn't complete them. Because it was too hard for me. I learned a little bit and that is great.

I didn't eat any festive food because I'm really picky. I ate some other food and I was full.

It was an unforgettable day. Spending time with your family is the best.

After examinations, my mum arranged a lot of activities on the Chinese New Year holiday. The one which is the most memorable is to go to Ocean Park. When we arrived at Ocean Park, we rode a cable car to go to another side to visit my favourite animals.

I saw some manatees, pandas, sea lions, seals and walruses. In order to let us get close to the marine animals, the staff gave us food to feed them. I felt thrilled and marvellous because it was my first time to try. First, I fed the seals with fish. Second, I fed sea lions with fish too. They are agile and clever so they can catch all my fish. To record precious moments, my mom and dad took some photos and videos.

Ocean Park is a wonderful place. It's a place worth visiting.

When I grow up, I want to be an animal care worker.

On my Chinese New Year holiday, I went camping with my cousins and friends. When we arrived we rushed to a big space and started to set up the tent. I asked my dad for a hammer to make a tent then my friend. My tent was very big. It was a triangle but the bottom surface was a circle.

After we set up the tent, we started to set the table to eat, we ate grapes, carrot cake and rice cake. When we were done eating, we played Uno and other board games. We slept there for two days.

I felt very happy. I hope I can go camping with my cousins and friends again.

On Chinese New Year's day, we got up very early. My Mother and I said "Happy New Year". After that, I went to buy the material and decorations needed for dinner. After going home, my mother and I hurriedly decorated the house, because there would be guests coming home.

In the evening everyone sat at the table and we had a rich family dinner. There were some vegetables, some fish, some fruits and a big turkey. Generally speaking, this was a delicious dinner. After dinner, we watched the TV New Year celebration, and we had a good night.

On the second and third days, we visited relatives and set off fireworks. Everyone was very busy in the Chinese New Year.

Although we have Chinese New Year every year, I still enjoy it. This year, I went to Disneyland. In the morning, I ate a big breakfast before going to Disneyland. When I went to Disneyland, it had just opened. There were Chinese New Year decorations all over the park. I stayed there the whole day. I even forgot to eat lunch. At night, I ate fish and chips for dinner. Then, my parents gave me a red packet.

It was a wonderful day, and no matter how many times I have Chinese New Year holidays I still love to celebrate it.

I like Chinese New Year very much and I enjoyed the 8th day of Chinese New Year most.

On that day, I went camping with Charmaine and some classmates. We took the bus to the campsite. After we arrived, we went to our room, I was delighted because I could sleep with Charmaine. And then, we played some interesting games, I really enjoyed these games. After playing games, we ate dinner. I think the dinner was not so bad and not so good but I still enjoyed the dinner. After dinner, we played hide and seek and rock paper scissors in my room. It was fun to play games. Then, we ate cup noodles for a night snack. We played games until half past two, we were too tired, so we slept.

I am delighted, because I have never slept so late, I really like to play with my friends. This Chinese New Year holiday was a memorable one to me.

P6 Sophie

On the Chinese New Year holiday, my brother and I went to play with firecrackers and it was so noisy. We also visited a temple, it was smelly. After that, we said some blessings to our family and then my family gave us red packets we felt so delighted!

At night, New Year cakes were cooked by my mum, the traditional food was cooked by my grandma. Finally, we talked with each other happily.

I love Chinese New Year because I can spend time with my family.
