P4 Davyn

My favourite memory of watching
sports is seeing a live basketball game!
It was held in Oakland, California at
the Oracle Arena (now Chase Arena).
That is the arena of the Golden State
Warriors. It was April Fools' Day at
six o'clock, and I went to the game.
At halftime, Kevin Durant and
Draymond Green high-fived me! The
game ended 117-107 for the Warriors.
The game was very exciting!

P5 Sam Wong

My favourite memory of sports is
when I was at a football field for an
after school activity with my friends.
We were doing our normal thing,
having fun, kicking the ball, and I was
the goal keeper. There was nothing to
do, so I just... sat down.

But then, I saw something in the
distance. It was the ball! Coming right
at me! It was intense! But then the ball
just quietly and slowly rolled to a stop
in front of me, so I tried to kick it and
accidentally hit it backwards into my
own goal! It was so funny.

P5 Shing

Do you know what sport I would like
to add to the Olympics? I would like
to add Dodgeball, because I like to
play this sport with my classmates and
it can keep you healthy. You can also
meet other new friends.

P6 Marcus

Hong Kong shouldn't host the
Olympics. Here's why:
First, Hong Kong has too many people
so building a stadium is not possible
because it would occupy a lot of space.
All the places would be even more
crowded.

Second, the traffic jams would be
more serious, because the Olympics
will attract people from all over the
world to take flights to Hong Kong
and the risk of accidents would
increase.

Thirdly, we are having money
problems in our current situation
because of COVID-19. If we host the
Olympics now, we could go into a
huge amount of debt.

If I was Ms. Carrie Lam, I would save
up the money for purchasing more
COVID-19 vaccines.

P6 Jerry Lam

I would like to see Floor Curling
added to the Olympics, because Floor
Curling is a sport that requires
precision, strategy, concentration, and
teamwork.

This sport can also help you make
more friends, so it would be a pity if
the Olympics didn't include it.

P6 Jaden Cheung

CONTINUED OPPOSITE SIDE...

Faster! Stronger! Higher! Together!

GOOD WORKS CONTINUED...

I would like to add a homework race to the Olympics, because I hate homework and I could donate all my homework to the Olympics for the race.

The people would have one hour to do the homework. It would have Maths, G.S. and the language of the host country. Whoever did the most homework (and the most correct) would be the winner.

P6 Hayley

My favourite memory of watching sports is of Cheung Ka Long fencing in the Tokyo 2020 Olympics.

I would like to see roller skating added to the Olympics, because roller skating is so cool, and really hard.

My dream is to become a fencer, because it's very exciting. I will need to practice hard.

I think Hong Kong should host the Olympics, because Hong Kong has never hosted the Olympics and I could go to see all the races in person.

P5 Lucius
