February 2015, Special Winter Edition

This special edition was made by P5 students in the Extra-curricular Newspaper class!

Recommendations Book

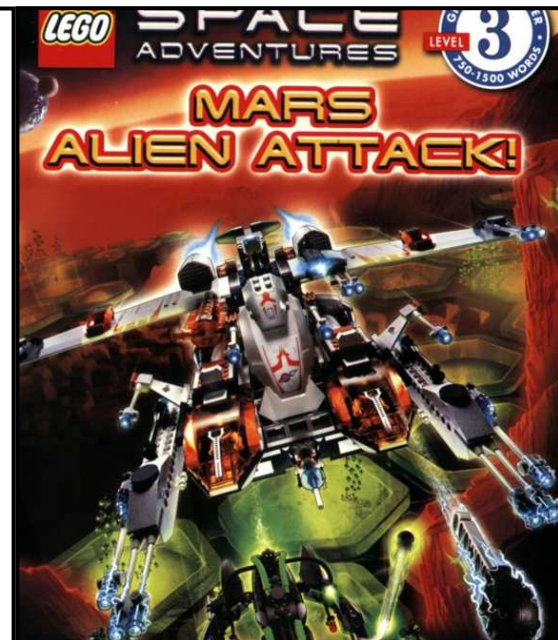

I would like to introduce: **LEGO SPACE ADVENTURES**

By
Isaac

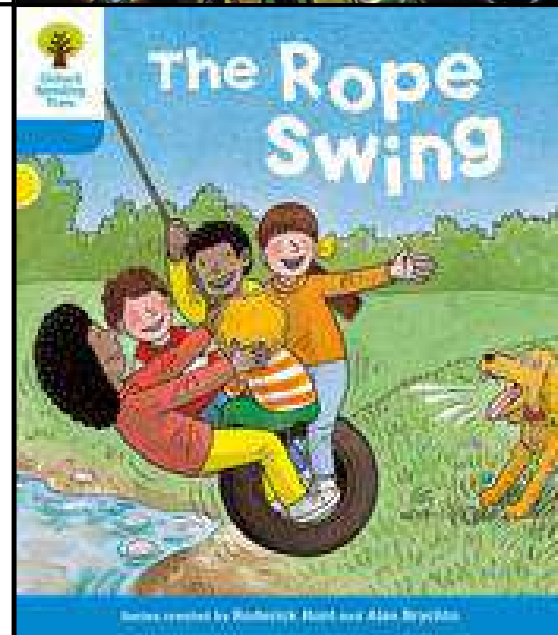

**MARS ALIEN
ATTACK!**

It is an interesting book. The people want to take the energy crystal, but there are many Martians. Can they take the crystal? Read this book! (P3-4)

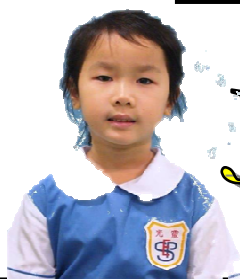

I would like to recommend the book: **THE ROPE SWING**

It is about five children and one dog who are playing on a rope. I like it because it is funny and interesting. You can find it in the school library. It is suitable for P.1 and P.2 students.
